## MINI INTERVIEW

Q. What do you mean by frequency reuse?

A. Each Cellular Base Station is allocated a group of radio channels to be used. These radio channels can be used by another base station which is at a suitable distance away from it

Q. What do you mean by Handoff?

A. When a mobile moves into a different cell while a conversation is in progress, the Mobile Switching Center automatically transfers the call to a new channel belonging to the new Base Station. Types of Handoffs are Hard Handoff and Soft Handoff

Dr. Sathya ASP/ECE

## ALUMNI CORNER

My life has been a roller coaster ride to where I am now in a leadership position, but what has stayed constant is my drive and attitude throughout. It all started with a few minor assignments, presentations, and a single inquiry: "Does it make you happy?" That simple question made me realize my passion for marketing and fascination with how firms operate. It was then, during my Second Year at GSBT, that I realized how interesting the world of marketing was for me, and it motivated me to work hard and diligently towards getting into an MBA college and taking the next step
