1. SOLID WASTE MANAGEMENT

At Gojan School of Business and Technology the waste generated is collected and segregated and it transported through the nearest waste collection area. Several pits have been formed and that is used for making the solid waste to decompose. The waste is generated by all sorts of routine activities carried out in the college that includes paper, plastics, glass, metals, foods, etc.

The sweepers clean and collect the waste from each floor and compile it to the dustbins. The waste in every floor is collected and segregated at source and ensure the waste should be removed with regular time intervals. After that some waste are transferred to pit and which can't be used further are transported to corporation. Single sided used papers are reused for writing and printing in all departments. Plastic waste is generated from all departments, laboratories administration office, etc., collected and sold to the vendor on a regular basis. Metal, glass bottles and wooden waste are stored separately and given to authorized scrap agents.

2. LIQUID WASTE MANAGEMENT

- The lawn is used with sprinkler irrigation system for gardening.
- Leakage taps are replaced immediately.
- Posters and signboards with instructions are pasted inside the campus.
- Organic farming is practiced inside the campus.
- Rain water harvesting system is practiced in place.

3. E-WASTE MANAGEMENT

- Outdated batteries are disposed to outer agencies.
- Some parts useful for other systems are kept aside for future use.

ENVIRONMENTAL AWARENESS PAINTING AT OUR INSTITUTION

DUSTBINS FOR WASTE SEGREGATION

RALLY FOR PLASTIC USAGE AWARENESS

VENUE: NALLUR VILLAGE

The GSBT NSS Students attended the event rally for avoiding the plastic and its daily usage. Rally for rivers was launched to save the rivers in the country. The event was organized by Mr. Anbuselvan and Gojan NSS and other students. The main idea of this event is to educate the current situation of increasing plastic usage and importance of avoiding it to save environment of our country.

CLEAN VILLAGE CAMPAIGN

VENUE: NALLUR VILLAGE

The GSBT NSS Students organized the event clean village. The objective of this program is to educate the village peoples to make cleaner village and to avoid waste deposition which cause some diseases and bad odour. The event was organized by Mr.Anbuselvan and Gojan NSS and other students. The main idea of this event is to educate the current situation of increasing waste contamination and importance of disposing it to save environment of our country.

And also our institution organized many programs with local community bodies to aware the people about **Tree Plantation** and also **cutting Prosopis Juliflora** which consumes more water from underground water table. The students of NSS and other students participated in the event made an impact in the society.
